To host a ride, simply click here to submit a [Promise Letter](#) . This is a non-legally binding letter that spells out clearly our handshake agreement of what we will do for each other for the greater good.

An ACTHA affiliate is someone who will be hosting a ride under the rules and regulations of ACTHA. ACTHA has a set of guidelines for every aspect of the ride including obstacles, how to judge the obstacles, how to select the judges, and much, much more.

Hosting a ride is really a lot of fun (and yes, work also)! You will get to network with horse lovers just like yourself, you'll be assisting the proliferation of this new exciting sport across the nation and most importantly, help with the cause of the humane treatment of horses...all the while making money for you and/or your organization!!
